

# ABOUT HQTS

HQTS is a leading global third-party quality control service provider dedicated to solving quality issues across the entire supply chain to businesses around the globe.

We have helped more than 50,000 clients over the past 25 years across 80+ countries to prevent quality issues in their supply chain and ensure compliance.

We have internationally-recognised testing laboratories in key manufacturing regions and are accredited by multiple international regulatory bodies and standards, including ISO17020:2012 for inspections and ISO17025:2005 for testing by the China National Accreditation Service for Conformity Assessment (CNAS).

Our technical experts and inspectors are certified and trained in conjunction with relevant international standards for all kinds of inspections and quality management practices, and continuously updated on best practices for specific equipment types and failure mechanisms prone to each industry.
